Agrometeorological Advisories

Livestock:

1. Light to moderate rainfall may be expected from 16.11.2018 to 18.11.2018 .
2. During rainy time kids, lambs and calves are to be protected from rain and chillness by covering with gunny bags and side wall may be covered. Provide adequate bedding for calves, kids and lambs and also providing lights to keep them warmer.
3. Don't allow the animals for grazing during the rainy time and sheltered in safe animal shed.
4. Avoid stagnation of water nearby animal shed to prevent vector born diseases to the animals.
5. Due to the expected rainfall, farmers are advised to safeguard the dry fodders for their livestock.
6. Feed ingredient for the concentrate feed should be stored in rainproof areas to avoid development of aflatoxin.
7. Animal shed roofs should be repaired to avoid rain water getting into the sheds.

Agriculture (Krishi Vigyan Kendra, Kattupakkam)

Imp. Crops: Rice, Sugarcane and Groundnut

1. Rainfall expected for next five days, farmers are advised to defer fertilizer application for crops.
