About the TANUVAS

The first Veterinary and Animal Sciences University in Asia was established on 20th September 1989 with its head quarters in Chennai with the name Tamil Nadu Veterinary and Animal Sciences University (popularly abbreviated as TANUVAS) after realizing the importance of education and research in animal and fisheries so as to increase its productivity towards better income generation for the farmers. This is a First Veterinary University in South East Asian countries. It will cater the needs of education, research and extension in the Veterinary and Animal Sciences. TANUVAS has been conferred with the prestigious "Sardar Patel Outstanding ICAR Institution Award- 2011", recognizing its outstanding performance in education, research and extension in the country in the field of agricultural sciences including Veterinary and Animal Sciences. TANUVAS is the FIRST VETERINARY UNIVERSITY in the country to bag this coveted award

About the Madras Veterinary College

It was started in 1903 and is a constituent unit of Tamil Nadu Veterinary and Animal Sciences University. Department of Veterinary Pathology is a constituent unit of Madras Veterinary College and are doing various research on herbal medicines in the cancer therapy and different mycotoxins. The department is providing high quality

teaching, diagnostic, and research services to the students and field. Faculty members and students actively participate in poultry, canine, laboratory animal and recently wild animal research. Most of the applied research has been carried out keeping in minds the farmers and pet owners so that the results of the research work would have a direct beneficial impact.

Invitation

Dear Colleagues, Students,

We are pleased to inform that Department of Veterinary pathology, Madras Veterinary College, Chennai-600 007 will be organized National Conference on Diagnostic cytology on 8th and 9th July, 2023.

Diagnostic cytology is essential for the early diagnosis of diseases and neoplasms and to learn about the updates and recent advances in diagnostic cytology is of paramount importance to the Veterinary Pathology faculty, research scholars and post graduate students. In this regard, the national conference will provide an update of diagnostic cytology in turn improve our diagnosis of animal diseases and neoplasms.

The national Conference includes invited lectures from international eminent diagnostic cytologists (online), and eminent scientists at the National level (offline).

The participants requested to present only a poster presentation (2 ft x3 ft) and the best posters will be awarded.

Participants

The National Conference is designed for Veterinary Pathology faculty, research scholars, and students who are interested to update their knowledge on diagnostic cytology. This will definitely help everyone to learn and enrich their knowledge on diagnostic cytology.

Registration

Registration is compulsory to participate in the national conference. Filled registration forms should be sent along with the online payment details on or before 15.06.2023

Registration fee : 4000/- + (18% GST)

Accommodation

Limited accommodation will be arranged in the Madras Veterinary College Campus on payment basis subject to availability. Lodging will be arranged in various hotels on cost basis through advance reservation.

Location and season

Chennai is well connected by Air, Rail and Roads from all Major Cities of India. The conference period would be the most comfortable season in Chennai with temperatures ranging from 27°C to 35°C.

Travel

The Participants have to make their own travel arrangements well in advance.
